Mr. NORMAN. Madam Speaker, I ask unanimous consent that I may hereafter be considered to be the first sponsor of H. Res. 921, a resolution originally introduced by Representative Hagedorn of Minnesota, for the purpose of adding cosponsors and requesting reprintings pursuant to clause 7 of rule XII.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from South Carolina?

There was no objection.

## RESIGNATION AS MEMBER OF COMMITTEE ON HOMELAND SECURITY

The SPEAKER pro tempore laid before the House the following resignation as a member of the Committee on Homeland Security:

Hon. NANCY PELOSI,  
 Speaker, House of Representatives,  
 Washington, DC.

DEAR SPEAKER PELOSI: I write to respectfully tender my resignation as a member of the Committee on Homeland Security. It has been an honor to serve in this capacity.

Sincerely,

RALPH NORMAN,  
 Member of Congress.

The SPEAKER pro tempore. Without objection, the resignation is accepted.

There was no objection.

## RESIGNATION AS MEMBER OF COMMITTEE ON FINANCIAL SERVICES

The SPEAKER pro tempore laid before the House the following resignation as a member of the Committee on Financial Services:

CONGRESS OF THE UNITED STATES,

 Washington, DC, June 8, 2022.

Hon. NANCY PELOSI,  
 Speaker, House of Representatives,  
 Washington, DC.

DEAR SPEAKER PELOSI, I write to respectfully tender my resignation as a member of the House Financial Services Committee. It has been an honor to serve in this capacity.

DAVID KUSTOFF,

The SPEAKER pro tempore. Without objection, the resignation is accepted.

There was no objection.

## ELECTING MEMBERS TO CERTAIN STANDING COMMITTEES OF THE HOUSE OF REPRESENTATIVES

Mr. MCCARTHY. Mr. Speaker, by direction of the Republican Conference, I send to the desk a privileged resolution and ask for its immediate consideration.

The Clerk read the resolution, as follows:

H. RES. 1159

*Resolved*, That the following named Members be, and are hereby, elected to the following standing committees of the House of Representatives:

COMMITTEE ON WAYS AND MEANS: Mr. Kustoff.

COMMITTEE ON FINANCIAL SERVICES: Mr. Norman.

The SPEAKER pro tempore. Is there objection to the request of the gentleman from California?

There was no objection.

The resolution was agreed to.

A motion to reconsider was laid on the table.

#### REQUEST TO CONSIDER S. 4160, SUPREME COURT POLICE PARITY ACT

(Mr. MCCARTHY asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. MCCARTHY. Mr. Speaker, earlier today, a man was arrested for plotting to kill Justice Kavanaugh.

Over a month ago, the Senate unanimously passed a bill to provide more security for Supreme Court Justices and their families, but House Democrats have let that bill gather dust. This is the same party whose heated rhetoric has encouraged political pressure on conservative Justices.

Former White House Press Secretary Jen Psaki said:

I know that there is an outrage right now, I guess, about protests that have been peaceful to date, and we certainly do continue to encourage that, outside judges' homes, and that is the President's position.

And Majority Leader SCHUMER said:

I want to tell you, Justice Kavanaugh and Justice Gorsuch, you have unleashed a whirlwind, and you will pay the price. You won't know what hit you if you go forward with these awful decisions.

Mr. Speaker, with words like that and threats like these, Congress cannot afford to wait. We have a duty to protect the Court, the Justices, and their families from political violence and intimidation. And we can meet that duty tonight before the House adjourns by sending this bill to the President's desk.

Mr. Speaker, I ask unanimous consent to take from the Speaker's table S. 4160, Supreme Court Police Parity Act, and ask for its immediate consideration in the House.

The SPEAKER pro tempore. Under guidelines consistently issued by successive Speakers, as recorded in section 956 of the House Rules and Manual, the Chair is constrained not to entertain the request unless it has been cleared by the bipartisan floor and committee leaderships.

Mr. MCCARTHY. Mr. Speaker, it is cleared on the Republican side.

The SPEAKER pro tempore. Is the gentleman stating a parliamentary inquiry?

Mr. MCCARTHY. No. I am just stating there is no objection on the Republican side, so that would only be the Democrats holding the bill up.

The SPEAKER pro tempore. The time of the gentleman has expired.

#### WILBUR DUMAS' 100TH BIRTHDAY

(Mr. CARTER of Georgia asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. CARTER of Georgia. Mr. Speaker, I rise today in honor of the 100th birthday of Wilbur Dumas, a veteran and a well-accomplished Georgian.

Wilbur was born in McRae, Georgia, in 1922 to James and Effie Dumas. In 1943, he married the love of his life, Pollie Snow, in Morven, Georgia.

Following his marriage, he was drafted into the Army in 1944 during World War II and served in the Pacific. Wilbur was in the Tokyo Bay on September 2, 1945, when the official instrument of surrender was signed by the Japanese on the USS Missouri.

After the war, he and Pollie moved to Port Wentworth where they raised a daughter and two sons. They bought a house on Commonwealth Avenue in 1951 where Wilbur still resides to this day. Wilbur retired from Kaiser Agricultural Chemical Plant in Port Wentworth in 1984.

Unlike many, Wilbur lived to see his 100th birthday this past May, and it was an honor and a privilege to celebrate his birthday with him at our home church at Port Wentworth United Methodist Church.

I wish Mr. Dumas a happy 100th birthday.

What an amazing achievement.

#### REQUEST TO CONSIDER S. 4160, SUPREME COURT POLICE PARITY ACT

(Mrs. MCCLAIN asked and was given permission to address the House for 1 minute.)

Mrs. MCCLAIN. Mr. Speaker, today an armed man with the intent to kill justice Kavanaugh was arrested near the Justice's home. The Senate unanimously passed a bipartisan bill that would provide security to the Justices and their families. Yet House Democrats have refused to act on it.

Unlike the bills we voted on today, we actually have a bipartisan, commonsense solution to protect one of our Nation's most sacred institutions. Therefore, I ask unanimous consent to take from the Speaker's table S. 4160 and ask for its immediate consideration in the House.

The SPEAKER pro tempore. As the Chair previously advised, that request cannot be entertained absent appropriate clearance.

#### THE CONSTITUTION IS ABSOLUTE

(Ms. FOXX asked and was given permission to address the House for 1 minute.)

Ms. FOXX. Mr. Speaker, we have certainly heard our fair share of hot air

from Democrats as they attack the Constitution and the rights of Americans.

A Member from Rhode Island recently said that the constitutional rights of the American people are BS. President Biden claimed that the Second Amendment was not absolute.

This is a new and dangerous standard that is being set—that the Constitution is merely a doormat that a Member of Congress wipes his or her feet on.

It will surely pain my Democrat colleagues to hear this, but I will say it anyway: the Constitution is absolute.

If they have a problem respecting our founding document, then why did they take a take an oath to protect and defend it in the first place?

Perhaps they need to do some soul searching.

#### NUCLEAR ENERGY IS RENEWABLE ENERGY

(Mr. LAMALFA asked and was given permission to address the House for 1 minute and to revise and extend his remarks.)

Mr. LAMALFA. Mr. Speaker, it is not just American oil and natural gas energies that are under attack. Another one of the Nation's top sources of energy, nuclear generation, has faced repeated operational obstacles and is facing threats of extinction.

Nuclear power is one of the best choices for renewable energy we have. It is consistent, it runs 24/7, and it isn't intermittent or dependent on the weather like wind or solar. It takes up a small physical footprint, such as California's sole remaining reactors at Diablo Canyon, take up only 900 acres of land and provides nearly 10 percent of California's energy portfolio and 23 percent of our carbon-free generation that everybody is so worried about.

It is affordable. Although power plants are expensive to build, like most things are, they are relatively cheap to run.

Interestingly, nuclear generation has recently garnered widespread bipartisan support. Recently, last month, the Biden administration launched a \$6 billion Federal effort to keep nuclear power plants open that are at risk of closing. Even California Governor Gavin Newsom seems to have reversed his opinion on nuclear energy and has expressed some level of support to keep Diablo Canyon open.

Nuclear energy has had an unfair bad rap from past incidents, most notably Chernobyl. Well, this isn't the 1980s Soviet Union. This is the United States. We have the innovation and technological advances to make nuclear energy a cornerstone of our future in energy independence. We need to hang on to it.

#### PAYING TRIBUTE

(Ms. JACKSON LEE asked and was given permission to address the House for 1 minute.)
